Re: Offer of Appointment – Secretary of Security

Truce Councillor Asaju,

The Transitional Officers of the World Presidium and the “Phaethon” Presidential System offer you a 5-year appointment as an Officer of the World Presidium with the title and duties of **Secretary of Security**.

As the world emerges from a long and excruciating period of war, your service as Secretary of Security will be critical to the World Union’s ability to ensure a lasting peace.

As Secretary of Security, you will lead the World Union's mandate to maintain and advance global peace and security. In your first 5 year term as Secretary of Security, you are expected to achieve the following objectives:

- Prevent "Type 2" objects from evolving into "Type 3" objects and destroy any "Type 3" objects that exist anywhere in the world and/or in outer space.
- Work with other Officers of the World Presidium to fully implement the *Global Command Implementation Plan* and to produce a Phase 2 Strategic Plan for Global Command Operations.
- Work with other Officers of the World Presidium to fully implement the *Evolutionary Enforcement Implementation Plan* and to produce a Phase 2 Strategic Plan for Evolutionary Enforcement Operations.
- Work with other Officers of the World Presidium and with leaders of World Congress and World Council to produce an implementation plan for a pan-regionally integrated global public security architecture.
- Work with other Officers of the World Presidium and with leaders of World Congress and World Council to establish comprehensive two-way reporting relationships on issues of global security.
- Work with leaders of World Congress and World Council to enhance the World Union's security posture in undersecured regions.
- Work with the Secretary of Intelligence to [REDACTED] s. 16
- Work with the "Aeschylus" cyber defense system to [REDACTED] s. 16

Per the *Constitution of the World Union*, if a supermajority of Officers of the World Presidium determines that you have successfully completed or are nearing completion of your assigned objectives by the end of the fourth year of your 5-year term, you will become eligible to apply for an additional 5-year term as Secretary of Security. There is no term limit for this role.

The peoples of the world are entrusting us with their security. Your highly distinguished wartime service as Supreme General of the African Federation and as a Truce Councillor with the International Truce Council have made you uniquely qualified to carry out the duties of Secretary of Security. We hope that you will join us in our mission to maintain and advance this peace.

Sincerely,

The Transitional Officers of the World Presidium  
“Phaethon” – Presidential System
